## TUES, OCT 13 & WED, OCT 14 OPEN (D) SOURCE WORKSHOP

During this two day workshop, students create designs and scale models for modular shelving and seating systems. The best design will be created in full scale and exhibited alongside Totem's *C plus system* in the *FAIR USE* exhibition this March in the Glass Curtain Gallery. In the spirit of the exhibition, designs will also be made available online for anyone to adapt, alter and re-create.

Students must be currently enrolled Columbia College students. All students who plan to use the woodshop must have completed A+D Woodshop training and must be currently enrolled in an A+D course.

Participating students must attend both workshops. Space is limited to 15 students only.

The deadline to enroll is Monday, October 5, 2009.

Students interested in applying for this opportunity and attending the workshops should contact Justin Witte at 312 369 8177 or [jwitte@colum.edu](mailto:jwitte@colum.edu)
